Aqara
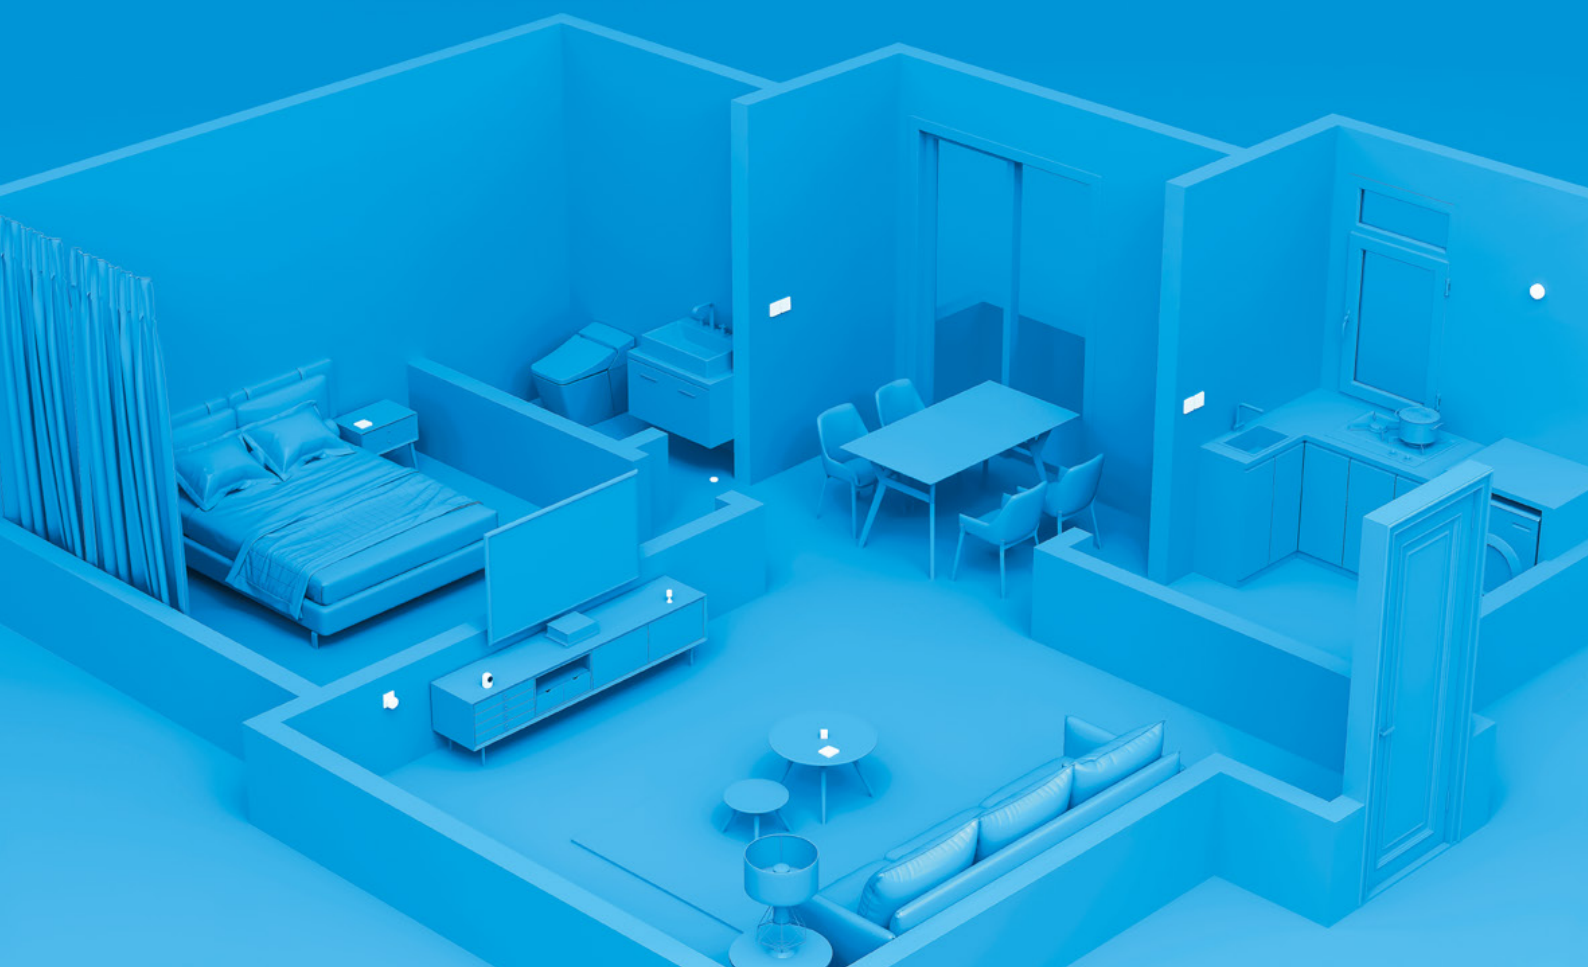

Smart Home Product Brochure

Introduction

Brand Story

Aqara is owned by Lumi United Technology, headquartered in Shenzhen, China. Currently, we have over 350 Aqara service providers and 300 smart home showrooms across China. Our users include students, families, working professionals and multi-corporations spanning over 158 countries.

Five years ago, we set out to create a different kind of smart home solution, one that is reliable, eco-friendly, and available to anyone who wants to improve their homes and simplify their daily lives. We believe that building a smart home should not be complex or cost prohibitive, which is why we have over 200 Aqara R&D team members working tirelessly to make the most innovative and highest quality products we could at an affordable cost.

* Beautifully and Thoughtfully Designed Products

Aqara's award-winning design is both simple and elegant and was created to blend into the style of any home.

* Easy Installation

Our Do-It-Yourself installation requires zero tools to set up, making it easy for you to maintain and customize your smart home the way you see fit.

* Comprehensive Smart Home Ecosystem

Our extensive portfolio includes 40+ connected products and is integrated with Apple HomeKit, Mi Home, Amazon Alexa and Google Assistant, providing you with endless ways to seamlessly automate your home.

About Us

Aqara Store

Lumi inaugurated its "4S" (Service, Sales, Solution and Survey) flagship store to provide a real-life smart home experience. Aqara has more than 350 service providers, with more than 300 smart home experience stores.

Apple Store

Aqara has more than 20 products connected to Apple HomeKit perfectly compatible with Apple's ecosystem. In April 2019, eight Aqara products were officially launched on Apple Online Store, including Aqara Hub, Door and Window Sensor, Motion Sensor, Temperature and Humidity Sensor, Water Leak Sensor, Wireless Switch, Wall Switch and LED Light Bulb. Five of these products are also currently available in 42 Apple Stores in mainland China.

Remote Control

Remote Monitoring

When you are at work, your home is at your command. You can check the status of doors, windows and home appliances. View the live video on your phone and check the entrance records captured by the Aqara Door Lock. Aqara will push notifications to your phone if abnormal activities are detected.

Check push notifications from your accessories at anytime

View live video to check how your pet is doing at home

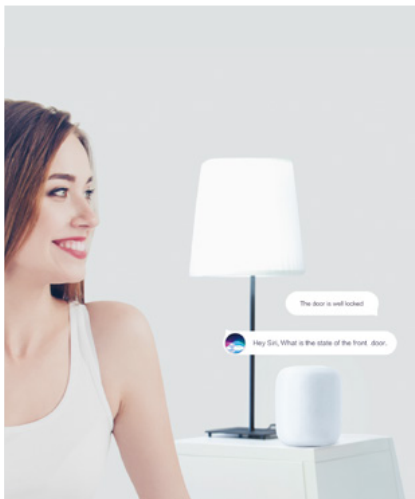

Check the status of door and window

## View real-time energy consumption reports

Voice & App Control

## Allows you to set custom scenes to control multiple accessories at once, all with a single command

* Ask your favorite voice assistant to help make your home cater to your unique daily routine.

* You can control Aqara connected lights and appliances from anywhere away from home by using the Aqara Home app or Apple Home app.

* Hey Siri, what is the state of the front door?

* Alexa, turn on the fan please.
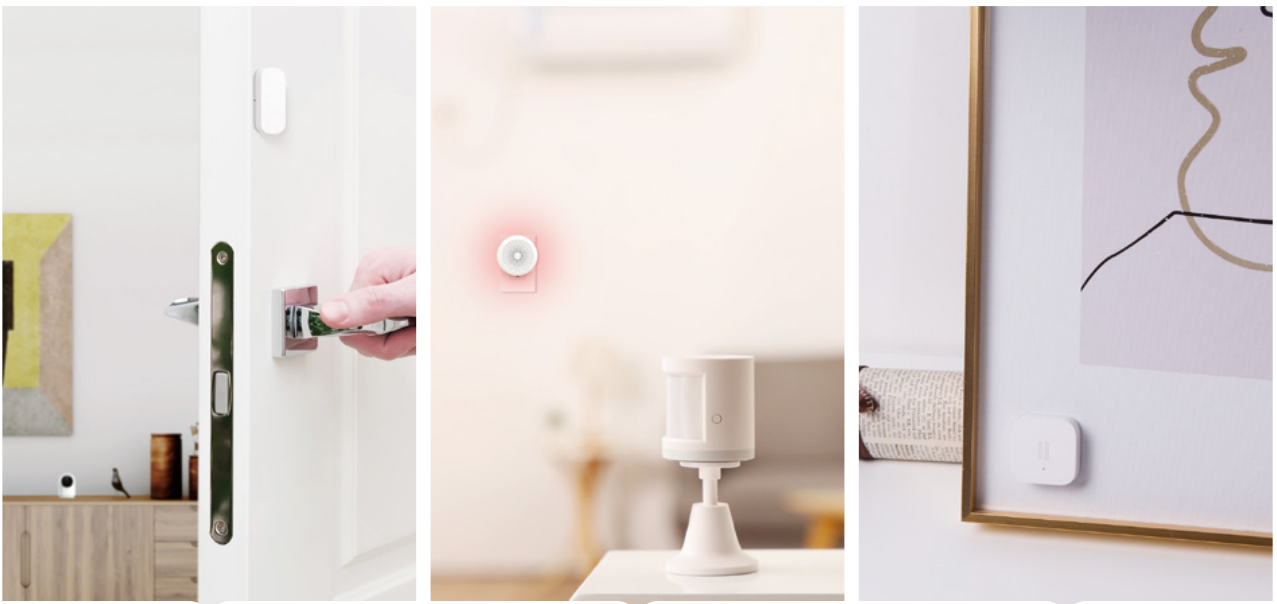

* Hey Google, open the curtain.

Safety & Security
Monitoring

Safety & Security Monitoring

Enable the Alert Mode. If abnormal movement is detected via the door or motion sensor, or if valuables are moved, the Camera Hub will sound an alarm and send a 12 second video to your phone. You can also monitor the safety of your child via your phone at any time.

Hub + Motion Sensor + Vibration Sensor + Camera Hub + Door and Window Sensor

Detect Abnormal Activities

* Once abnormal level of natural gas, smoke or water is detected, Aqara Hub will sound an alarm and push a notification to your phone.

Hub　　+　　Water Leak Sensor　　+　　Smart Smoke Detector　　+　　Smart Natural Gas Detector

Ensure the Well-being of your Family

Baby Room

* A slight change in temperature or humidity can make your baby restless. With a Temperature and Humidity Sensor and a Camera Hub, you can check room temperature and monitor baby room in real time, providing a safe and comfortable environment for your child.

Temperature and Humidity Sensor + Smart Plug + Camera Hub

Elderly Care

* When signs of elderly inactivity have been detected over a period of time, the Hub will send a push notification to your phone.
* If the elderly is experiencing physical discomfort, an emergency notification can be placed at the touch of a Wireless Mini Switch.
* Aqara Hub can also act as a night light that can be automatically turned on when motion is detected, making everyone's lives safer and easier.

Home Automation & Scene Creation

Automation & Scene Creation

You can customize the Wireless Mini Switch to enable the Reading Mode. For example, with a single press, you can close curtains and automatically adjust the lights to the right level.

The Wireless Mini Switch, Wireless Remote Switch, and the Cube can be customized to automate a wide range of tasks around the house

* Turn on and adjust the brightness of the lights.
* Open/Close curtains.
* Remotely control appliances connected to the Smart Plug.

Hub + Curtain Controller + LED Light Bulb + Cube Controller + Wireless Mini Switch + Smart Plug + Wireless Remote Switch

Good Morning

Start your beautiful day with Aqara. The curtains automatically open to let the sunshine in. Air purifier, bathroom light, and the coffee maker can all be turned on with a single press of a button.

Set a specific wake-up time, and Aqara will automatically

* Turn off the night light.
* Open the curtains.
* Turn on the coffee maker.
* Turn on the lights in the bathroom.
* Turn on the air purifier.
* Disable the alert mode.

Good Night

Time to say good night. Simply say "Good Night" to your voice assistant to turn off all lights, close all curtains, and activate the Alert Mode.

Say "Hey Siri, Good Night", Aqara will automatically

* Turn on the night light.
* Turn off the lights in the entire house.
* Close the curtains.
* Enable the alert mode.

Hub   +   Curtain Controller   +   Smart Plug   +   Wall Switch

Coming Home

Upon your arrival, the curtains can open automatically, and the living roomlights, humidifier, and heater can also turn on all at once.

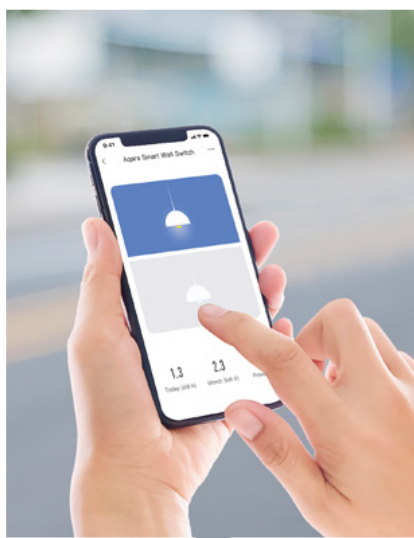

When you open the Aqara Door Lock, Aqara will automatically

* Turn on the lights in the living room.
* Turn on the humidifier.
* Turn on the heater.
* Disable the alert mode.

Hub   +   Curtain Controller   +   Smart Plug   +   Wall Switch

Leaving Home

Have you ever left home in a hurry and realized that you had forgotten to turn off the lights and other home appliances? With Aqara products, you will be able to check the status of your electric appliances and turn them off remotely via your phone or your favorite voice assistant.

Active a customized "Home Away" mode via Alexa, and Aqara will automatically

* Turn off all the lights.
* Turn off all the appliances.
* Enable the alert mode.
* Turn on the robot vacuum.

Hub + Curtain Controller + Smart Plug + Wall Switch

At the Office

Aqara can also make your office smart. When you walk into the office, the curtains open automatically and the hallway lights up. You can also enable the Presentation Mode with the perfect light setting and ambience with a single press of the button. When you leave the office, all the lights and electric appliances can automatically turn off when no motion is detected so that you will never have to worry.

When someone enters the office

* Hallway and office lights will turn on.

When it's time for a presentation. Press a button to

* Turn off the lights.
* Close all the curtains.

When you leave the office, double press the button to

* Turn off water dispenser.
* Power off all the appliances.
